## Satish Hattekar

Job Title: Software Engineer
Mobile No: +91 8999702353
Personal Email: satishpatil8397@gmail.com
LinkedIn: https://www.linkedin.com/in/satish-hattekar-59b452242

Results-driven **Data Engineer** with **3+ years of experience** in designing, developing, and optimizing **data pipelines and cloud solutions** using **Google Cloud Platform (GCP), BigQuery.** Adept at designing and implementing efficient and scalable solutions, with strong expertise in **SQL**, PLSQL, Shell scripting, **Python** and various programming languages. Demonstrated ability to work effectively in collaborative team environments and deliver high-quality data engineering solutions.

**[ CDAC Certified (PGDAC) ]**

---

## Profile Summary

- 3+ years of experience as data Engineer **(GCP),** Oracle Developer primarily using **Oracle SQL, PL/SQL, Shell Scripting** and currently working on Cloud Migration by using **Google Cloud Platform.**
- Hands on Experience in developing, implementing and optimizing **Stored Procedures**, **Functions**, **Triggers**, **Views**, **Joins**, database objects.
- Collaborated with cross-functional teams to design, develop, test, and deploy software solutions
- Exposure to **Banking domain**. Functional skills include system monitoring, E2E functionality flow.
- Wrote and maintained **Python & Shell scripts** for various system automation tasks and process improvements
- Implemented **Git** for version control and collaborated with **Jenkins** for continuous integration and continuous deployment (CICD) processes.
- Proven expertise in solving production bugs promptly, ensuring the stability and reliability of system.

**Cloud (GCP):**

- Worked extensively with Google Cloud Platform (**GCP**), leveraging services such as **GCS** (Google Cloud Storage), Google **Big Query**, logging and Google Cloud Functions.
- Utilized Big Query for efficient data processing, analysis, and reporting, optimizing query performance for large datasets.
- Demonstrated expertise in creating and managing **workflows** using EMF Workflow, enhancing automation and efficiency in development processes.
- **DBT:** Exposure to (data build tool), for transformation & modeling data with BigQuery.
- **Cloud SQL:** Exposure to Cloud SQL, DMS (Database migration Service)
- Maintain Sever maintenance activities.

---

## Academic Profile:

| | |
|---|---|
| CDAC (PG Diploma in Advance Computing):<br>Institute: VITA Mumbai.<br>02/2022 - 11/2022 | B.E. (Bachelor of Engineering) (7.8/10):<br>SRTM University Nanded<br>2015 - 2019 |

## Technical Skills:

- Operating Systems: Windows and Unix (Putty)
- **Cloud & data Engineering Skills**: GCP (SQL, Big Query, DBT, Workflow, Cloud storage, logging, IAM, PUB/SUBS, Cloud

SQL (DMS))
- Automation Tools: git, Jira and Jenkins, Control-M, Terraform (IaC).
- Ticketing Tools: Service Now.
- File Transfer Tools: WinSCP, FPU
- Other Tools: Postman, Visual Studio, Eclipse
  HSBC internal Tools (E2, G3, ITID Self Service,DRU,WMT etc.)
- **Databases**: Oracle SQL Developer, MySQL, PLSQL

**Additional Technical Skills:**
- JAVA: Spring boot, Spring MVC, JDBC, Hibernate.
- DotNet(beginner): C#, MVC, Entity Framework.

---

## Experience

- Currently working as a Software Engineer at **HSBC Software Development (India) Pvt Ltd**
  Pune from **December 2022** to till date.

**Project #1: RCT** (Reporting & Consolidation Toolset):

**Project Description:**

Part of the Regulatory Reporting team working on the RCT system, which automates reporting for HSBC's global sites. RCT supports regulatory reporting (e.g., CoREP by EBA) and data provisioning for downstream systems, meeting PRA,ECB and global regulatory requirements. The team also provides backend development and support for Group Finance (FCD).

**Project #2: RARE** (RWA Analytics and Reporting Engine):

**Project Description:**

Working on the RARE project, a cloud-based system on Google Cloud designed to implement Basel Committee's B3.1 regulations by performing complex calculations and customizations on upstream data before transferring it to the RCT system for regulatory reporting.

---

**Awards/Achievements:**

- Received **Pat on The Back Award** and 2 **Circle of Excellence Awards** in current organization.
- Recognition for **managing code deployment** (git versioning, Jenkins, Terraform (IaC)) in addition to core project responsibilities.

**Personal Skills:**
- Proactive and Professional.
- Innovative & Quick Learning attitude with positive approach.
- A team player, multitasking and hardworking; always keen to learn new technologies, which can boost my skill set.
- Enthusiastic to try new things, learn new things from Internet, reading articles to know things.

I Satish Hattekar, hereby declare that the above-mentioned information is true and complete to best of my knowledge.
